

## Kashmir: Ecology and Environment

By Satish Kumar Chadha

Mittal Publications, New Delhi, 1991. N.A. Book Condition: New. 23 cms. Viii, 134 p. : ill., maps ,The present volume aims at charting out a profile of Kashmir's ecology and environment. Nature has endowed the vale of Kashmir with an abundance of fertile soil, rainfall, and sunlight. The physiographic framework is superb. The pollution, deforestation, degradation of the soil and natural catastrophes are creating ecological imbalance. If not checked now this would bring misery and suffering and affect the tourist trade of the State. A humble attempt has been made to offer a collection of papers dealing with various aspects of ecology and environment. An attempt has been made by scholars and experts to suggest measures for the cleanliness of the Dal, afforestation of the catchment areas to prevent inflow of nutrients and soil into the lakes, and steps to be taken to improve the sanitation, reforestation, soil conservation and to prevent the natural catastrophes. It is a humble beginning and hoped that it will prove very useful to the readers who care for the environment and ecology of Kashmir.

### Reviews

*Thorough manual for ebook fans. it had been written quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Dr. Catherine Wehner**

*Absolutely among the best book I have possibly gone through. I have gone through and that I am certain that I am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book I have got through within my personal existence and could be the finest book for ever.*
