

My Beloved Brontosaurus: On the Road with Old Bones, New Science, and Our Favorite Dinosaurs

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.
(Mitchell Kuhn III)

Scientific American / Farrar, Straus and Giroux. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.2in. x 5.4in. x 0.9in. One of Amazon's Best Science Books of 2013 A Hudson Booksellers Staff Pick for the Best Books of 2013 One of Publishers Weekly's Top Ten Spring Science Books Selected by Apple's iBookstore as one of the best books of April A Bookshop Santa Cruz Staff Pick Dinosaurs, with their awe-inspiring size, terrifying claws and teeth, and otherworldly abilities, occupy a sacred place in our childhoods. They loom over museum halls, thunder through movies, and are a fundamental part of our collective imagination. In *My Beloved Brontosaurus*, the dinosaur fanatic Brian Switek enriches the childlike sense of wonder these amazing creatures instill in us. Investigating the latest discoveries in paleontology, he breathes new life into old bones. Switek reunites us with these mysterious creatures as he visits desolate excavation sites and hallowed museum vaults, exploring everything from the sex life of *Apatosaurus* and *T. rex*'s feather-laden body to just why dinosaurs vanished. (And of course, on his journey, he celebrates the book's titular hero, *Brontosaurus*—who suffered a second extinction when we learned he never existed at all as a symbol of scientific progress.) With infectious enthusiasm, Switek questions what we've long held to be true about these beasts, weaving in stories from his obsession with dinosaurs, which started when he was just knee-high to a *Stegosaurus*. Endearing, surprising, and essential to our understanding of our own evolution and our place on Earth, *My Beloved Brontosaurus* is a book that dinosaur fans and anyone interested in scientific progress will cherish for years to come. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
