Brand New Book ***** Print on Demand *****.Most people eventually agree during and after their fair share of adversity that there are no easy answers to most of life s challenges. Often in these seasons the calls for faith grudgingly give room to the true to life questionings and grapplings with human emotion which make us just that. This sophomore collection of poetry from Sean C. Harrison explores in its three chapters honest examinations of the ebbs and flows of faith without fear and pretense. He weaves stories of pain, introspection, resilience and triumph carved out by his own brushes with sorrow and interactions with others who themselves have wrestled with pain. He is able to deftly capture human feeling, thought and experience in verse (his own definition of poetry), unearthing from his very soul the things most would like to express but lack the facility to pen. Readers will not be disappointed but inspired by his words as he further bares his insights into the human condition and the intrinsic solutions that bring well needed comfort in an age where despair increasingly over-arches hope. The movement of this book mimics the steady rise of the morning sun as he starts with Losing Faith building to a triumphant climax in the final section Keeping Faith , capturing this ultimate positive human effort in the face of life s difficult realities.
