Death at SeaWorld: Shamu and the Dark Side of Killer Whales in Captivity

By Kirby, David

St. Martin's Press, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!

Summary: "Kirby makes a passionate case for captivity as the reason orcas become killers (and) tells the story like a thriller. We probably can't free the orcas in captivity today, but we could make the current group of captive killer whales the last." --Wall Street Journal "A chilling depiction. Kirby lays out a compelling scientific argument against killer whale captivity" New Scientist "A gripping inspection. Hard to put down." --Booklist (***Starred Review) "Brilliantly and intensively researched and conveyed with clarity and thoughtfulness, Kirby's work of high-quality non-fiction busts the whale debate wide open. Reads like a thriller and horrifies like Hannibal Lector." --San Francisco Book Review FIVE STARS "Kirby places this much-publicized tragic incident within the context of decades of warnings by marine biologists and animal advocates about the risks of keeping these giant predators in captivity. A real-life scientific thriller." -- Barnes and Noble "As David Kirby so eloquently documents in this timely work, killer-whale captivity only benefits the captors. It is impossible to read 'Death at SeaWorld' and come to any other conclusion." - Jane Goodall, Ph.D., D.B.E., Founder, the Jane...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.
