BookBaby, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Creating an app, site or any product that succeeds or sells is most definitely a tall order. Designing anything for people is tough, because we're inherently complex and...well...messy. Which means that things like market share and ROI don't come easy. But time and effort spent finding the right problems to solve allows designers, developers and product teams to take quantum leaps forward in exceeding the expectations of everyone involved. In Think First, Joe Natoli shows you exactly how to do this, using lessons learned from his 26 years as a UX consultant to Fortune 100 and 500 organizations. You'll find proven principles, step-by-step methods and straightforward, jargon-free advice that can be applied to any kind of digital product. Think First proves that while people are indeed messy and complex, designing for them doesn't have to be. Here's what a few well-respected UX practitioners and authors had to say about Think First: "A very practical guide to success in business." Dr. Don Norman, Director of the DesignLab, UC San Diego and Author of The Design of Everyday Things "Think First is a practical guide to UX that makes sense of strategy and structure. Highly recommended!" Peter Morville, Bestselling Author of Intertwingled "For designers and developers, understanding strategy and UX is an increasingly necessary skill. Joe Natoli's Think First demystifies these foundational ideas in a very conversational, easy to read style." Ilise Benun, Founder of and Author of 7+ Books Author Joe Natoli explains why he believes Think First is unlike any other book on the subject of UX strategy and design: "I didn't want to write yet another book that covers the narrow, tactical pieces of..."
