TFA. Le attività di sostegno. Manuale teorico. Per le prove di ammissione ai corsi di specializzazione.

By -

Edises, 2013. Book Condition: new. Napoli, 2013; br., pp. 552, cm 16x23,5. Il volume rappresenta uno strumento completo per la preparazione alle prove di ammissione ai corsi di specializzazione in attività di sostegno. Dopo aver fatto il punto sull'integrazione scolastica dei disabili ripercorrendone le principali tappe evolutive dalla nascita delle scuole speciali alla nuova disciplina sui BES, viene esaminata la figura del docente di sostegno, nelle sue competenze e abilità e nei suoi compiti istituzionali. Si passa poi alla trattazione della didattica finalizzata all'integrazione, illustrando il difficile equilibrio tra didattica individualizzata e condivisione di obiettivi didattici, ma anche i più moderni approcci in relazione a facilitazione e mediazione didattica. Vengono illustrati i processi cognitivi, creatività e pensiero divergente nonché i processi motivazionali ed emozionali dall'infanzia all'età adulta ponendo particolare attenzione alle nozioni di empatia ed intelligenza emotiva. Vengono inoltre fornite le nozioni essenziali su psicologia evolutiva soprattutto dal punto di vista dell'apprendimento e dell'integrazione sociale e vengono presentate le problematiche psicologiche e psichiatriche più ricorrenti in ambito educativo.
